

KAVINDU CHANDUPA

Software Engineering Undergraduate

About Me

Software Engineering undergraduate at Informatics Institute of Technology (IIT), affiliated with the University of Westminster. Passionate about backend development, software architecture, and building scalable applications. Seeking a software engineering internship to apply technical skills and gain industry experience through real-world projects.

Technical Skills

Python	
Java	
HTML	
CSS	
JavaScript	
Flutter & Dart	
React	
MySQL	
Firebase	
PostgreSQL	
Tkinter	
FastAPI	

Projects

NutriFlex – Nutrition & Meal Planning Platform (SDGP)

- Developed a full-stack nutrition and meal-planning platform tailored for Sri Lankan users, featuring a Flutter mobile application and responsive web landing page.
- Built personalized nutrition tools including user onboarding, recipe management, meal planning, BMI-based health analysis, and profile management.
- Integrated real-time data storage, grocery shopping workflows, and location-based store discovery using Firebase, FastAPI, and map services.
- Tech Stack : Flutter, FastAPI, Firebase, HTML, CSS, JavaScript, REST APIs, Git.

FlowForge Workflow Builder (In Progress)

- Developing a no-code workflow automation platform that enables users to visually create API-driven workflows through drag-and-drop components.
- Designing support for conditions, delays, data transformations, and external API integrations.
- Applying industry-standard practices including containerization, CI/CD pipelines, and scalable backend architecture.
- Tech Stack: FastAPI, React Flow, Docker, GitHub Actions.

Memory Glitch Runner

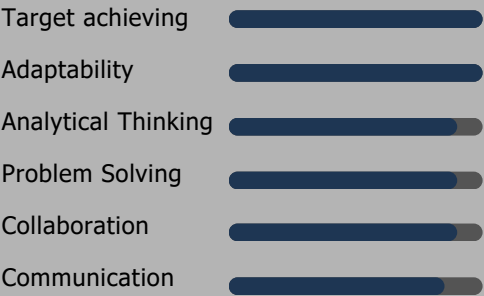

- Developed a 2D browser-based platformer featuring a unique ghost-echo mechanic in which previous failed runs assist future attempts.
- Implemented puzzle-solving gameplay, obstacle systems, and progressive difficulty levels.
- Built entirely using vanilla JavaScript without external game engines.
- Tech Stack : HTML, CSS, JavaScript, Web Audio API.

Climate Action Website

- Developed an interactive website promoting climate change awareness and sustainability initiatives.
- Implemented responsive layouts, animations, and accessible user interface components.
- Served as the Group Leader, coordinating project planning and team task management.
- Tech Stack: HTML, CSS, JavaScript.

Professional Skills

Interests

- Web Development
- Mobile App Development
- Backend Programming Languages
- Frontend Programming Languages
- Machine Learning
- Gaming

Languages

- Sinhala
- English

Education

Informatics Institute of Technology(IIT), Sri Lanka (Affiliated with University of Westminster) (BEng) Honours in Software Engineering	2025 - Present
ESoft Metro College, Kiribathgoda Diploma in English (Recognized for Most Outstanding Performance)	2023 - 2024
Nalanda College, Colombo 10 G.C.E Advanced Level (2024) in Physical Science Stream (ICT - B, Physics - S, Combined Maths - S)	2022 - 2024
St. Joseph’s College, Wattala Primary education from grade 01 to 11 (G.C.E Ordinary Level 2022 - 9As)	2011 - 2022
